What is the Mentoring Connector?
The Mentoring Connector (MC) is a free recruitment tool developed by MENTOR to connect prospective mentors to local mentoring programs across the U.S. based on their ZIP Code.

How do I start using the MC?
You will receive an email the week of Dec 6th, 2021. containing instructions on how to access the MC and a link to reset your password. The only action you need to take in order to begin using the new MC is to reset your password!

What will happen to my data?
All of your Program Data, including your Program Details and Contact Information, will be migrated to the Mentoring Connector.

Where can I access the NQMS?
The NQMS and its associated data will not be migrating to the new MC. You will still be able to access the NQMS, which will remain in the old MC. For example, if you want to continue your self-assessment, you will need to access the old MC. You can quickly access the NQMS via the Dashboard. The NQMS will undergo its own overhaul in the future. Click HERE for the NQMS.
New Mentoring Connector FAQ

Do I need to update my Program?
While you only need to reset your password to begin using the new MC, we highly recommend you spend some time updating your Program details, including your Program Description and Program Delivery options. This will ensure that your listing takes advantage of the new MC features and is more visible to prospective mentors.

What if I am new to the MC?
Welcome! In order to begin using the MC, please submit your Program [HERE](#). To learn more about the MC, click [HERE](#).

How do I use the new MC?
In addition to overhauling the MC, we also expanded our resource repository. Our Mentoring Connector Resources Library is completely revamped and contains updated resources, including videos, one-pagers, infographics, and recorded webinars. Click [HERE](#) to access the Library, and [HERE](#) to schedule a training session with us. Please note that we will continually be adding new resources to this page.

I didn’t receive an instructions email?
